About 1 Million Cups

1 Million Cups is a Kauffman Foundation educational program that is designed to engage, educate, and accelerate local startups. Two presenters from startup and young businesses in Sussex County talk about their companies' highlights, problems, gaps and challenges. The audience is made up of entrepreneurs, advisors, and people getting ready to start their own companies. During the event, each presenter is given feedback, suggestions and ideas to make their business work better where everyone there gets to learn from the entire conversation.
